

Equipment	80 ton
External dimensions	120/ 200 cm
Thickness	2 cm
Weight	44 kg
Useable surface area	2,40 m <sup>2</sup>
Lifting capacity 1m <sup>2</sup> /plate	33,33 ton/80 ton
Fireproof class	UL 94HB
Colour	black

### Information

- Made of composite
- Light
- 100% recyclable
- High load capacity of 80 tons plate
- Easy to arrange
- Reusable
- Perfectly protecting the ground
- Carrying heavy loads
- Reducing point pressure
- UL 94HB fire rated
- No absorption of liquids and chemicals
- Easy to clean
- Rough surface to prevent falls and slips
- Insulation value corresponding to 5 cm of polystyrene
